

MESH BACKDROP ASSEMBLY INSTRUCTIONS

ASSEMBLY:

1. Lay all parts on the floor or against a wall.
2. Arrange the two bottom quarters together (with the legs) and tighten the nuts. Secure the mesh panels together with the cable ties provided.
3. Put together the two top quarters, tighten the nuts and use cable ties to hold the mesh panels together.
4. Attach the top half onto the bottom half of the backdrop and secure the nuts.
5. Use cable ties to secure the top and bottom halves together, and cut off the excess ties.
6. Lift and place the mesh grid to the base and secure the nuts.
7. Check all nuts are tightened securely, if not secured the backdrop will bow.
8. Decorate with lightweight decorations using cable ties or ribbon.

DISASSEMBLY:

1. Cut off the cable ties
2. Unsecure the nuts starting from the top half and remove the panels
3. Remove the panels from the base.
